WHAT ARE THE GOALS OF THIS RESEARCH STUDY?

The goal of this research study is to test two different methods of helping people with ASD learn to interact with police officers. One method uses virtual reality (VR) and the other uses video modeling (VM).

WHO CAN BE A PART OF THIS RESEARCH STUDY?

Teens and adults (age 12-60) with a confirmed diagnosis of autism spectrum disorder.

WHAT WILL PARTICIPANTS BE ASKED TO DO?

• Make one to three study visits
• Participate in either VR or VM intervention
• Complete questionnaires

WHAT WILL PARTICIPANTS RECEIVE IN THIS RESEARCH STUDY?

You will receive compensation for your participation.

I WANT TO HELP!
WHO DO I CALL?

If you are interested in participating in the study or want to learn more about it please contact:
