CAREGIVER QUESTIONNAIRE STUDY ON DEVELOPMENTAL DISABILITIES

WHAT IS THE GOALS OF THIS RESEARCH STUDY?
The purpose of this research study is to improve our understanding of the nature of adjustments and accommodations exhibited among caregivers of a family member with a developmental disability.

WHO CAN BE A PART OF THIS RESEARCH STUDY?
Caregivers of a family member (any age) with developmental disabilities or parents of a typically developing child (up through age 18) can participate in this study!

WHAT WILL PARTICIPANTS BE ASKED TO DO?
If you decide to participate, we will ask you to complete caregiver questionnaires about yourself and your child.

I WANT TO HELP! WHO CAN I CONTACT?
If you are interested in participating in the study or want to learn more about it, please contact:
