WHAT ARE THE GOALS OF THIS RESEARCH STUDY?
The purpose of this research study is to test whether virtual reality (VR) could be a useful way for people with autism to practice interacting with police officers.

WHO CAN BE A PART OF THIS RESEARCH STUDY?
Teens and adults (age 12-60) with a confirmed diagnosis of autism spectrum disorder (ASD).

WHAT WILL PARTICIPANTS BE ASKED TO DO?
- Make one-to-four virtual study visits
- Participate in either VR intervention or a treatment-as-usual condition
- Complete questionnaires and talk about experiences

WHAT WILL PARTICIPANTS RECEIVE IN THIS RESEARCH STUDY?
You will receive compensation for participating.

I WANT TO HELP! WHO DO I CALL?
If you are interested in participating in the study or want to learn more about it please contact:
